

NAWIC Greater Phoenix Chapter 98

Build a Handicap Ramp
Saturday, March 7, 8:00 am - Noon

You don't need tools or even journeyman carpentry skills. Your hard work ethic and passion to help others is what we need. Rebuild Together Valley of the Sun will help us build a ramp.

A crew of 6-8 people will be building a ramp for Wayne Collins. Wayne is an 81 year old low-income resident of the valley. Unfortunately bound to a walker/cane, Wayne has long struggled to get in and out of her home. Thankfully, with a ramp built by NAWIC, Wayne and her family will be granted a higher level of personal freedom and a lower level of stress in her everyday life.

Wayne lives in a mobile home park at 2701 E Allred Ave #119 Mesa, AZ 85204

Here are some photos of the home where you will be building the ramp:

Please have **arrive at 8 am with a completed waiver (see attached) wearing closed toed shoes.**

Rebuilding Together Valley of the Sun will provide all the necessary tools & supplies as well as water. If you would like to bring any other food items, you are more than welcome to.

This build will be lead by two skilled leaders John & Larry.

Date: Saturday, March 7

Time: 8:00 am - Noon

Location: 2701 E Allred Ave #119 Mesa, AZ 85204

RSVP: Rosemary Middleton RMiddleton@henselphelps.com - Subject WIC WEEK
